A few trees were blown down.

JONES COUNTY --- 1.3 NNE TUCKERS [31.64, -89.09]

11/24/08 14:22 CST	0	Thunderstorm Wind (EG 50 kt)
11/24/08 14:22 CST	0	Source: Emergency Manager

A couple trees were down along Highway 15.

A strong weather system developed and moved across the area during the afternoon of November 24th. The system developed a line of storms which contained a few bowing elements. This line struggled to produce much in the way of high winds because conditions were on the cool side at the surface. One of the bowing elements was able to produce a small area of damaging winds over the western part of Jones County.
